*Dr. Jerome G. Denaburg, Vice-Principal of Edmondson High School, 1957-1964*

This yearbook is dedicated to Dr. Jerome G. Denaburg in fond remembrance and sincere appreciation of the important role he played in our school during its formative years. His familiarity with the instructional program, his belief in young people, his devotion to duty, and his good common sense have done much to establish the ideals and traditions for which Edmondson High School has become noted. We were fortunate in having him on our staff for seven years. We know he will give to Forest Park High School the strenghts which we gained from him while he was with us.

## PRINCIPAL'S MESSAGE . . .

Nearly two hundred years ago, William Blake, the English artist, poet, and mystic, wrote: "Ambition is the growth of every clime." This, I feel sure, was the underlying idea of the VIEW staff when they chose "Ambition" as the theme of the 1965 yearbook.

Ambition is the driving power of curiosity and discontent. It lights up the imagination and stokes mental fires. It sparks dreams and fantasy. It charts pathways to distant goals. It weaves thoughts into realities. It helps us to attain the unattainable.

Ambition is an affirmative approach to progress. When it is properly directed, it can lead us toward wholeness of life.

"Hardly anything will bring a man's mind into full activity if ambition be wanting", said Sir Henry Taylor. It is the hope of those of us on the administrative staff of Edmondson High School that each of our students will aim, both

now and in later life, to become good citizens of our city, state, and nation—and of the wider world community in which the affairs of today are constantly involving us.

Men reaching for the stars have created for us a world of wonder and challenge. They have given us glimpses of some of the greatest truths of God and of the mightiest ideas of men. Yet ideas and ideals cannot become dynamic unless something is done about them.

Only through your own desires and efforts can you hope to achieve your aims in life. It is our fervent hope that each of you will set high goals for yourself—while you are in school and after graduation—and will always work diligently to attain them.

## VICE-PRINCIPALS' MESSAGE

History and literature are full of examples of men and women who, through ambition, have achieved the seemingly impossible. Examples, too, are furnished us of those whose selfish and inordinate ambitions have resulted in their own downfall and in misery for others. How important, therefore, it is to direct our ambitions always toward the attainment of the good and the beautiful!

Only through noble dreams and aspirations can you rise above defeat, failure, and discouragement. Do not let your graduation in June become the end of your study and research. There is as much to learn outside school as there is in the classrooms. Your high school diploma will soon become an important addition to your life. It will symbolize training and discipline, but you will have to continue to work your way slowly and resolutely

toward the heights. There will be moments of aggravation and even despair, but let neither impatience nor regret destroy your faith in yourself and in your chosen field of endeavor.

"When a man is no longer anxious to do better than well, he is done for." Let go of lower things and reach for the higher. Surround yourself with the best in friends, in books, and in art. Strive to become the type of citizen that is so badly needed in this troubled world of ours.

Our sincerest best wishes go to each of you as you leave Edmondson High School for the attainment of the fruits of worthy and noble ambition.

## GUIDANCE

It is the aim of the Guidance Department to help each student make the fullest possible use of his abilities and to understand his potentialities and limitations. Realistic decisions can then be made in the light of this understanding. The counselor tries to make the pupil aware of present opportunities, both in school and community; and in addition, he helps the student formulate educational and vocational plans for the future. The overall goal is the highest possible development of each individual as a citizen of this school and his community.

## ART

The Art Department was concerned with encouraging the students to make the most of their ability and to express themselves creatively through the various art media. The department offered art as a major subject to the interested and qualified students and was concerned with giving stu-

dents of average ability an appreciation of art. The Art Service Club, whose members assist the school by designing showcases, posters, stage scenery, dance decorations, and the like, sponsored by the Art Department, helped students explore unusual materials and techniques.

# BUSINESS EDUCATION

*WENDELL SHEETS*

The Business Education Department of Edmondson High School believes that through effective teaching business education should: give a broad understanding of the principles of business applicable to personal and to business requirements; develop skill in at least one area of business sufficient to enable a graduate to secure and hold an initial position; and develop an employable personality—a person with moral and ethical values and an understanding of the rights of others.

To achieve this we offer work in two major curriculum

areas, stenography and office practice; maintain a distributive education program whereby students attend school in the morning and work in retail establishments in the afternoons during the last half of their senior year; and operate an extensive work study program to give students work experience to help them obtain permanent jobs following graduation. Students in this program attend school on alternate weeks for the last half of their senior year. Through these programs our teaching staff works to develop an efficient, responsible, skilled office worker.

# HOME ECONOMICS

The Home Economics Department teaches all phases of family living. In addition to courses in Foods and Clothing, the following are also taught: Interior Decorating, Family Relationships, Child Care and Home Nursing. Field trips, guest speakers and demonstrators aid in showing classes how

their knowledge might be applied to every day living. The Hostess Club, composed of a group of interested Home Economics students, gain valuable training by aiding in the preparation and serving of foods for various school functions and by assisting teachers in the department.

## ENGLISH

*BERNARD KRAMER*

*LYNN MCINTYRE*

Since everyone studies English every day, the English Department is perhaps the most dramatic example of how the two-session school has actually helped improve instruction. Two years ago, when Edmondson was on a single session, there were 16 teachers for approximately 2,675 students—an average of 167 students per teacher. This year, although enrollment has increased to more than 3,200 pupils, there are 23 English teachers—an average of 140 pupils per teacher. Average class size is just about 30 and there are no floating teachers.

Pupils in these smaller classes have increased opportunity to learn English language skills—reading, writing, speaking, and listening—which help them to realize better their own potential, to understand the effect of language upon human relations, to prepare for maximum efficiency, and to be able to assume their roles as citizens in a democracy.

Special programs which had been offered were continued this year, and several new ones were begun. Classes in *journalism*, both as a major and as a minor, were again taught by Mr. Manning. The *Speech Club*, started last year by Mr. Gardiner and Miss Maks, expanded this year into an

interested group which met regularly three times each week. In addition to sponsoring outside debates, the club conducted a speech contest within the school.

Drama again became a regular part of the curriculum with Mr. Grose and Miss Hartwell conducting a drama class every afternoon as a sixth major for interested students. The class presented an assembly in December and a full length play, *Ten Little Indians*, in March.

The experimental writing program, under the direction of Mr. Baker and Mr. Grose, was expanded to include special emphasis on speech with two of the four classes involved. The use of outside theme readers was continued.

Edmondson was one of four Baltimore City high schools participating in the *Honors Program* in English. A group of 19 seniors, selected for excellence in their work in English, pursued studies and readings in the *Humanities*, under the direction of Mrs. Gersuk, with special focus on literature, philosophy, drama, poetry, and writing. This first year's program, designed to emphasize the universality of human nature, led the class into reading, analyzing, and discussing various types of literature representing many countries and eras.

## INDUSTRIAL ARTS

Recent changes in the relationships of men and machines and the prospect of even greater advances in the future, indicate a growing need for a higher degree of manual, technical and personal skills for those who would take their place in the world of industry and technology. The Industrial Arts Department of this school offers a variety of technically

# MUSIC

The Music Department strives to fulfill the musical needs and interests of all students at Edmondson High School. These interests cover a wide field of music . . . traditional, classical, folk, popular of many countries and cultures, expressed by singing, listening to records, watching films, and learning music theory. Musical selection is varied and emphasis is placed on tone control and balanced four-part

harmony in the Sophomore Chorus and the Choir. Opportunities for the study of an instrument is offered at the beginning through the advanced levels, with the band being the ultimate as a performing facet. All groups have an opportunity to perform at concerts, festivals, assemblies, football games, community functions, and at other schools.

# LIBRARY

Service is the keynote of the Edmondson High School Library. It is recognized as an essential part of the instructional program of the school. The library program has three main purposes: to provide students with the library materials and services most meaningful to them; to stimulate and guide the students in all phases of their reading; to work with teachers in selecting and using those library materials which will contribute most to the teaching program.

Two full-time librarians are on duty daily to direct the activities in the library, and they are faithfully assisted in their duties by student volunteer library aides from the morning and afternoon school. In order to service all the students in both schools the library is now open from 7:30 A.M. to 5:00 P.M. every day.

# LANGUAGE

As the nations of the world become more interdependent, knowledge of modern foreign languages becomes more essential to the individual and to the country as a whole. The Language Department accepts this challenge of the modern world and engages in the teaching of modern foreign languages by providing experiences in listening, speaking,

reading, and writing.

It is expected that the skills acquired in the modern language classes will be of value in the later pursuits in the fields of business, science, history, etc., and in the important person-to-person relationships between our students and their peers in other countries.

# MATHEMATICS

Like Edmondson High School itself, resting on a rocky hillside, the Mathematics Department labors to erect a sound structure. For its own corner-stone, the Department examines cautiously its simplest, indefinable terms, and places them gently into this key position. For its building blocks, the Department selects its definitions, its assumptions, and uses

them again and yet again. For its cement, it relies on logical deduction. The house Mathematics builds resembles a spinning top, an inverted spiral, held upright by the inscrutable laws which govern the universe. Such is the house the Department builds here at Edmondson.

# PHYSICAL EDUCATION

The primary interest of the physical education staff was to encourage each boy and girl to strive for physical fitness, physical discipline, self-respect, cleanliness, and good sportsmanship. The department offered a program of instruction, intramural participation, interscholastic activities,

gymnastics, and volleyball to encourage development and improvement of skills and to enrich the students' enjoyment of sports, dances, and aquatics. The instructors encouraged active or spectator participation to supply the school spirit desired at interscholastic events.

## SCIENCE

The Science Department, under the direction of Miss Madelein T. Skirven, offers courses in biology, chemistry, and physics. By means of this varied curriculum and through the use of well-equipped laboratories and modern classrooms, teachers in the department endeavor to realize the basic aims of science education. They seek to develop sensitive curiosities, to bring about a better understanding of the student's environment and a genuine interest in it, and to establish skills in recognizing and solving problems effectively. For the Edmondson student who desires enrichment not provided in one year of a subject, the department offers a

Students with individual projects in areas of particular interest are encouraged to enter Edmondson's Science Fair. The winning entries go on to compete regionally and nationally with those of other schools.

## SOCIAL STUDIES

The Social Studies Department has many objectives in offering Modern World History, Geography, United States History, and Modern Problems to the students of Edmondson. These include the development of an understanding of the social, economic, and political forces that have molded and

## CUSTODIANS

For more than seven years, the remarkably neat appearance of the halls and stairways of this school plant have been due in large measure to the efforts of Mr. George Burns and his custodial staff.

Their daily attention to the care of classrooms, rest-rooms, and other school facilities in use by students have helped the school plant to receive a number of fine compliments by parents and other visitors to this school.

## DIETITIAN

Preparing delicious and nutritionally healthful meals for a student population of more than 2500 is no easy task, but somehow Mrs. Viola Bullock, dietitian, and her very capable staff manage to keep smiling as they accomplish this deed daily and the students find the cafeteria one of the most delightful retreats in the school.

## SECRETARIES

To our secretaries, teachers as well as students turn for information about classes, schedules, and the like. Indeed, their office might be known as the Clearing House of Edmondson High School. Often assisted by helpful students during off-periods, these indispensable secretaries efficiently handle the voluminous paper work which is a necessary part of their function in our school. There is never a time when a bewildered guest, visitor, or student cannot get a helping hand.

## HEALTH SUITE

*DR. JOHN SARATSIOTIS*

*JUANITA MCCAIG*

The physical and mental well being of our students is of prime concern to the Edmondson High School's Health Suite. Our school physician and two full time nurses arrange for all students to obtain periodic check-ups from family doctors and, if necessary, a physical examination is performed by the school doctor. In addition, this department handles such emergencies as gym-class accidents and hallway casualties. Groups of students with the same physical impairments meet with the school doctor and discuss their problems with him. The Future Nurses Club is also under the direction of the nurse in the Health Suite.

## THE "VIEW"

The VIEW staff is responsible for the publication of Edmondson's yearbook. Because of the fact that ours is a two-shift school, it has been necessary to decentralize the staff. To facilitate smooth production, each section has its specific editor and assistants. Faculty advisers to the VIEW are: Mr. Dan Minnick, advertising and subscriptions; Mr. John Knorr, sports and activities; Mr. Joseph Johnson, faculty and administrative staff; Miss Martha Srsic, seniors; Mr. Julius Nelson, general adviser. # DIVISIONAL CHAMPS AGAIN

For the second consecutive season, Edmondson's varsity football team won the Maryland Scholastic Association divisional championship and, in doing so, also remained undefeated over a span of 19 consecutive games which started late in the 1962 season. A summary of each of this year's games is given in the following paragraphs.

**BELAIR.** Scoring 20 points in the third quarter, Edmondson defeated Belair, 32-7, in a non-league opener. This was the 11th consecutive victory for the Redskins. An intercepted pass, which terminated into an 80-yard touchdown run early in the game, was the highlight.

**SOUTHERN.** The Redskin eleven continued its MSA winning streak by defeating Southern High School in the league opener, 15-0, at Edmondson. It was Edmondson's 12th consecutive win, which had started in 1962 with a victory over Frederick High School. The Redskins were led by Charles Pittman, a junior, who gained 67 yards rushing and scored a touchdown. Bernie Smith's second-quarter reception of a Louis Puryear pass, good for 35 yards, accounted for the other touchdown.

**CARVER.** Edmondson defeated Carver, 22-6, for its second MSA win, to stay undefeated in the Conference. The Redskins were led to victory by Purcell Wylie and Bernie Smith. The first score of the game came early in the first period when Edmondson fumbled on its own 20-yard line; Carver went on from there to score. The extra-point try was broken up by Purcell Wylie, who intercepted in the end zone. The Redskins came back on the next series of downs to score on a pass from Wylie to Bernie Smith. The extra point by Smith was good, to make the score, 7-6. Late in the second quarter Edmondson scored again on a 5-yard run by Gary Satosky; a pass added two extra points. Midway in the third quarter the Indians scored again on a 10-yard run by Wylie; the extra point was good. The fourth quarter was scoreless.

**MERVO.** Edmondson remained undefeated and in first place with a 3-0 record, by taking the measure of Mervo, 27-0. Mervo had been previously undefeated. The Redskins scored in the first quarter on a 3-yard run by Gary Satosky. Bernie Smith's try for the extra point was blocked. Edmondson's next score came in the third quarter on a 4-yard run by Charles Pittman. Two extra points were added on a run by Purcell Wylie. The Redmen scored again the third quarter on Pittman's second touchdown of the game after a 6-yard run; Smith's try for the extra point failed. The third quarter ended with the score 20-0. Louis Puryear's pass to Bernie Smith added another touchdown late in the fourth quarter; Smith then kicked the extra point. This was Edmondson's 14th consecutive win.

*This is the story of our last game.*

GILMAN. Edmondson scored its 15th consecutive victory and the 5th of the current season, by blanking Gilman, 27-0. The Redskin's victory was due, in large part, to their steady yardage on punt returns.

ST. PAUL'S. The Redskins picked up their 6th consecutive victory of the season by scoring a 38-0 win over St. Paul's. It was also their 16th consecutive win since late in 1962. Pittman scored three touchdowns, one on a short pass from Puryear and two on long runs of 54 and 83 yards. Wylie, Satosky, and Thomas were also good for 6-pointers.

DUNBAR. In what turned out to be a defensive battle, Edmondson continued undefeated in MSA competition by defeating Dunbar in a close game, 12-0. Dunbar threatened twice, each time driving down to inside the Redskins' 10-yard line, but were stopped both times on pass interceptions. Both of the Edmondson touchdowns came on passes from Puryear—to Smith in the first quarter and to Thomas in the third quarter.

CARDINAL GIBBONS. In racking up its 18th consecutive victory and its 9th of the 1964 season, the Redskin eleven swamped Cardinal Gibbons by a 60-0 score. Except for the two touchdowns scored by Purcell Wylie—both on passes from Puryear—the scoring was evenly divided among Myers, Scott (both of whom scored on interceptions), Wylie, Senior, Barnes, Morgan, and Pittman.

FOREST PARK. With but two seconds left to play in the second quarter, Charles Pittman scored the only touchdown of the game on a short run, and Edmondson finished its second consecutive undefeated season with a total of 9 wins. It was the 19th consecutive victory for the Redskin eleven. They also won the MSA divisional championship for the second consecutive year. This, of course, also marked the second straight season in which coach Augie Waibel's team was undefeated.

## JUNIOR VARSITY FOOTBALL

Edmondson High School's junior varsity football team, coached by Bill Lewis, won 4 games and lost 3 during the past season. One of the victories came as the result of a forfeit, against Southern, in the opener. After a one-sided 40-0 defeat by Carver in the second game, the Redskin jayvees stopped Mervo, 30-14, in a game featured by the running of Lou Sherry, who scored three touchdowns. In a close game Edmondson edged the Dunbar jayvees, 6-0. This game was not decided until the fourth quarter, when McDowell scored on a run which followed a long pass. Gilman's junior varsity eleven defeated Edmondson by a 6-0 score in the next game, tallying on a concentrated ground attack. The Redskins failed to cash in on the few scoring

opportunities given them by a stubborn Gilman defense. Scoring one touchdown in each of the first and second quarters, Forest Park junior varsity defeated the Edmondson gridders, 14-0. The first Forester score came on a 15-yard pass and the second on a 48-yard run. In the final game of the season against Cardinal Gibbons, the Redskin jayvees won, 26-0. They scored twice in the first quarter; once on a 42-yard runback of a McDonogh mid-air fumble and again on a 4-yard plunge. A pass interception which resulted in a 65-yard runback and a short pass netted two more 6-pointers for Edmondson. Warren Schwartz assisted Bill Lewis in coaching the junior varsity eleven.

## FRESH-SOPH FOOTBALL

Edmondson's Fresh-Soph football team completed the season with a record of 1 win, 3 losses, and 1 tie. The team lost its opener, 20-0, to Dunbar with all of the scoring taking place in the first and third quarters. The Redskins lost to Carver, 8-0, when a 71-yard pass, on the first play from scrimmage, resulted in a touchdown. McDonogh scored one touchdown in each of the first three quarters to down Edmondson, 20-8; the Redskin score came in the final quarter on an 8-yard run that followed a completed pass and an offside penalty. Edmondson fought to a 6-6 tie with Forest Park, as the Foresters took the air and tallied in the second quarter, while the Redskins converted a long runback after an interception and a blocked kick into a touchdown during the third quarter. Edmondson beat Mervo for its only win, 14-0, as two long runs were converted into touchdowns. Warren Schwartz coached the Fresh-Soph squad, assisted by Bill Lewis.

## VARSITY BASKETBALL

By winning 10 out of 14 games in league competition, coach Ed Elliott's varsity hoopsters placed third in league competition. The team won 11 out of 18 over-all, losing to Kenwood by the close margin of 76-78 and to Towson Catholic by a score of 47-49. Although the team won by a two-point margin over Southern, 68-66, in their season's finals, their most one-sided victory was over Loyola, 88-65. A disastrous second half spelled defeat, as the Redmen lost to Towson Catholic by an overwhelming 66-106 score. Edmondson averaged just under 61 points per game, while the opponents averaged, coincidentally enough, just over 60 points.

The closest game of the year was against Mount St. Joseph, which Edmondson lost by a 1-0 margin. According to Joseph Heaps, the coach, the outstanding player was goalie Leroy Levi, who contributed numerous saves during the games, a fact which enabled the Redskin booters to stay within scoring range of their opponents.

# DIVISIONAL CHAMPS AGAIN

Coach Bill Lewis' Varsity swimming team again won the MSA Divisional Championship. In so doing, they defeated decisively all of their rivals, both at home and away. Ten records were broken by the Redskin swimmers in compiling their second consecutive undefeated season, some of which were broken several times; in fact, the ten records were broken a total of nineteen times. Among the outstanding swimmers, Coach Lewis named John Corrigan, Wayne List, Terry Gilbert, Ray Schuler, Avon Evans, Buddy Ruland, Allan Bartnik, Monty Purdy, George Schwarzman, and Tim Weldon. Over a three-year period the team won twenty-five straight victories, eighteen of which were "B" division triumphs.

The Redskin squad won a total of 12 meets against 6 different opponents. In no encounter did Edmondson score less than 53, while the opponents' best effort was a score of 34 by Mervo. Perhaps the most overwhelming win was over Douglass, 68-17. Actually, statistics bore out the fact that no one swimmer dominated the meets; the undefeated record was the result of concerted team effort.

# VARSITY BASEBALL

Early in March, as this is being written, Mr. George Kimmett, varsity baseball coach, conducted a meeting for all prospective players. He indicated that "cuts" will not be made early, so that the candidates for the team would have ample opportunity to demonstrate their abilities. The first league encounter is scheduled to take place during the first week in April.

*Purcell Wylie (below), Ronnie Marsiglia (upper right), and Bernie Smith (lower right) demonstrate batting positions.*

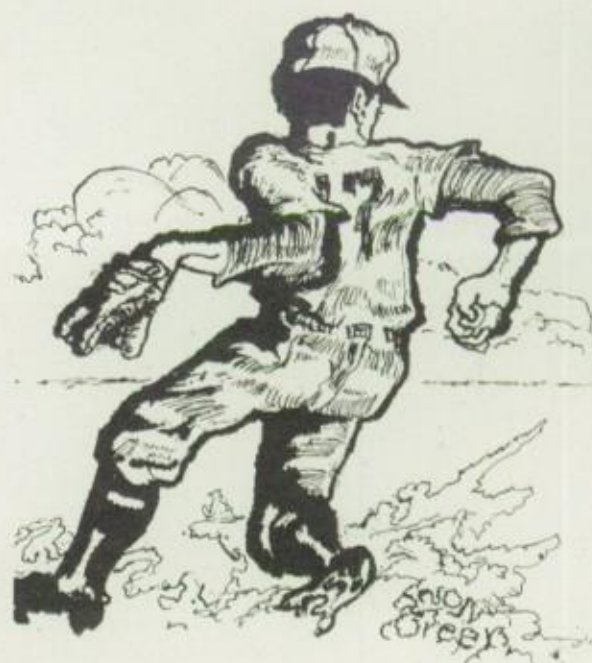

Three Redskin veterans, R. Marsiglia, P. Wylie, B. Smith.

## J.V. BASEBALL

Shortly after the meeting held for the varsity baseball candidates, early in March, Mr. George Kimmett, who also coaches junior varsity baseball, met with the players. As usual, he indicated that "cuts" will not be made until later in the practice season so that those who wish to make the team will be given more opportunity to demonstrate their wares. Coach Kimmett said that some of last year's junior varsity players will graduate to the varsity—probably before the season gets much under way.

Attack players G. Rawlings and M. Pilachowski.

## VARSITY AND J.V. LACROSSE

Coach Lon Russ announced that the varsity lacrosse team will play a 10-game schedule this year as far as league competition is concerned. In addition, they will engage in 6 scrimmage games with non-league foes. Each of the following league teams will be played twice: Patterson, City, Poly, Southern, Forest Park. Returning attack players include G. Rawlings, C. Skuhr, V. Skuhr, and M. Pilachowski. Those returning on the midfield include D. Muhl, R. Matthaiez, F. Baskerville, A. Johnson, R. Scott, and Dave Robertson. As goalies, both J. Bolger and C. Sheperty are coming back. Junior varsity lacrosse coach Augie Waibel announced a similar type of schedule for the team. Both squads expect to open during the third week in March.

# GOLF

The coach, Joseph Heaps, has announced the varsity golf schedule for 1965. Edmondson will open on April 5 against Loyola, at the Forest Park course; they will end the season against Calvert Hall on May 11, at the Mount Pleasant course. # BADMINTON

Edmondson's "A" badminton team lost but one match last year; the "B" team won all of its games. The only match lost by the "A" team was its opener, against Eastern. As this is being written, no matches have been played on this year's schedule, but substantially the same schedule will be followed as that of last year. Miss Marjorie Leppo coaches both of the teams.

Mrs. Ida Thomas, Edmondson's table tennis coach, has announced that the team will play a total of 6 different opponents, meeting each of 2 other schools on 3 separate dates. On March 10 the team travels to Mergenthaler, where it plays both Carver and Mergenthaler. Finally, on March 17, the team completes the current season by meeting both Douglass and Southern, at Southern. The coach has indicated that Camille Wilson seems to be the top scorer; she is undefeated so far in all competition. Other members of the squad include N. Ross, C. King, N. DeShields, L. Martin, E. Whittaker, J. Huelson, E. Walker, S. Bushrod, J. Washington, B. Fleming, and G. Harris.

# ARCHERY

The graduation of Sharon Swanson, Edmondson's "bull's-eye expert," was a great loss to the archery team. In her three years of competition, she amazed not only her opponents, but her coaches as well. In 1962, Sharon placed second in the city-wide standings. She soared to first place in 1963, and completed her last year at Edmondson in 1964 by again placing second. Mrs. Ida Thomas, the archery coach, hopes that there will be many "Sharon Swansons" when spring tryouts are held in March. The team, after finishing second in the 1963 city-wide standings, dropped to fifth place last year. Mrs. Thomas has indicated that the season will start on May 5 and end on May 19. Forest Park, Eastern, Patterson, Mergenthaler, Carver, and Southern will be played this year.

*N. Ross shows proper form.*

# VOLLEYBALL

Both the "A" and the "B" girls' volleyball teams of Edmondson High School were undefeated this past year. According to Miss Constance Bena, the coach, the outlook for the "A" team during this coming season appears to be good, since it is composed entirely of last year's undefeated

"B" team. The present "B" team, of course, has no holdovers from last year. This year's schedule finds Edmondson's "A" and "B" teams meeting Eastern, Douglass, Western, Patterson, and Dunbar. The season opens on May 5, and closes on May 20.

*D. Scott, J. Hudson, N. DeShields.*

## 1964 Record — "A" Team

Edmondson	34-28	Carver
Edmondson	24-21	Dunbar
Edmondson	32-28	Forest Park
Edmondson	37-15	Patterson Park
Edmondson	26-25	Southern

## 1964 Record — "B" Team

Edmondson	36-20	Carver
Edmondson	45-20	Dunbar
Edmondson	41-28	Forest Park
Edmondson	33-24	Patterson
Edmondson	38-16	Southern

# SOFTBALL

Edmondson's softball team, coached by Miss Marjorie Leppo, was undefeated last year. They won over Dunbar by a score of 10-0 and blanked Patterson 9-0. Linda Lee pitched a no-hitter against Patterson; it was also the first time that Edmondson had ever defeated them in softball. At this writing, the schedule for this year is not certain; however,

practice will start as soon as the weather breaks—probably in April. In addition to Linda Lee, other team members include Bessie Malachi, Camille King, Linda Baskerville, Bernadine Miller, Brenda Scott, Fannie Beasley, Hattie Carter, Thelma Scott, and Betty Kiah.

## 1965 Schedule

Opponent	Date	Place
Dunbar	May 6	Douglass
Southern	May 13	Patterson
Mervo	May 20	Douglass

# INTRAMURALS

While Edmondson has had an intramural sports program for both boys and girls for the past several years, it was not until this year that more emphasis was given to it. While only an extremely small percentage of the school enrollment of over 3,000 are engaged in league sports, a much larger

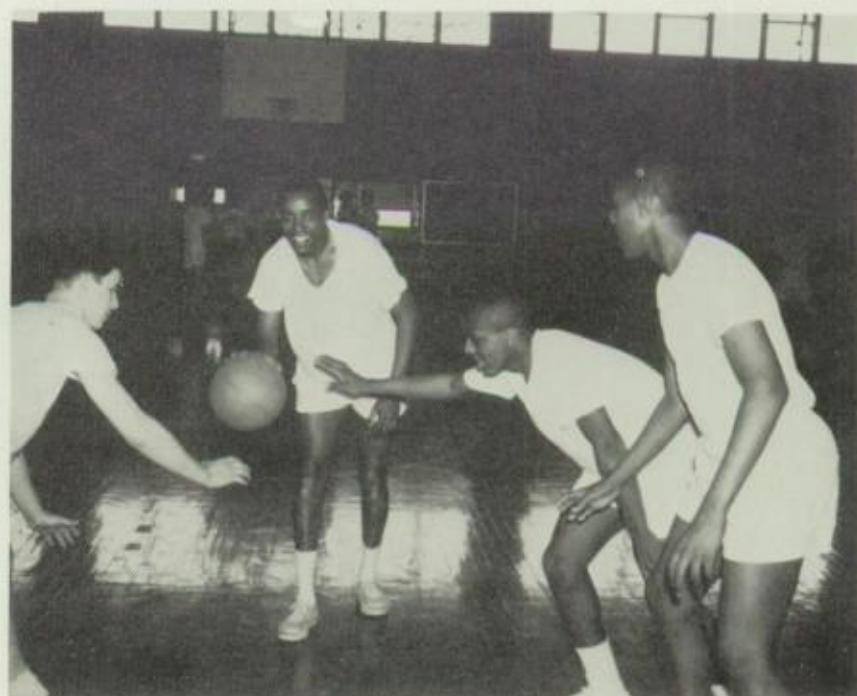

group takes active interest in the intramural program, which includes basketball, volleyball, softball, and table tennis. The physical education department, which administers this program, hopes to include additional sports next year, so that more of the student body will be able to participate.

*Afternoon intramural group try for basketball rebound.*

*Intramural forward dribbles, as two opposing guards try to intercept, and center looks on at play.*

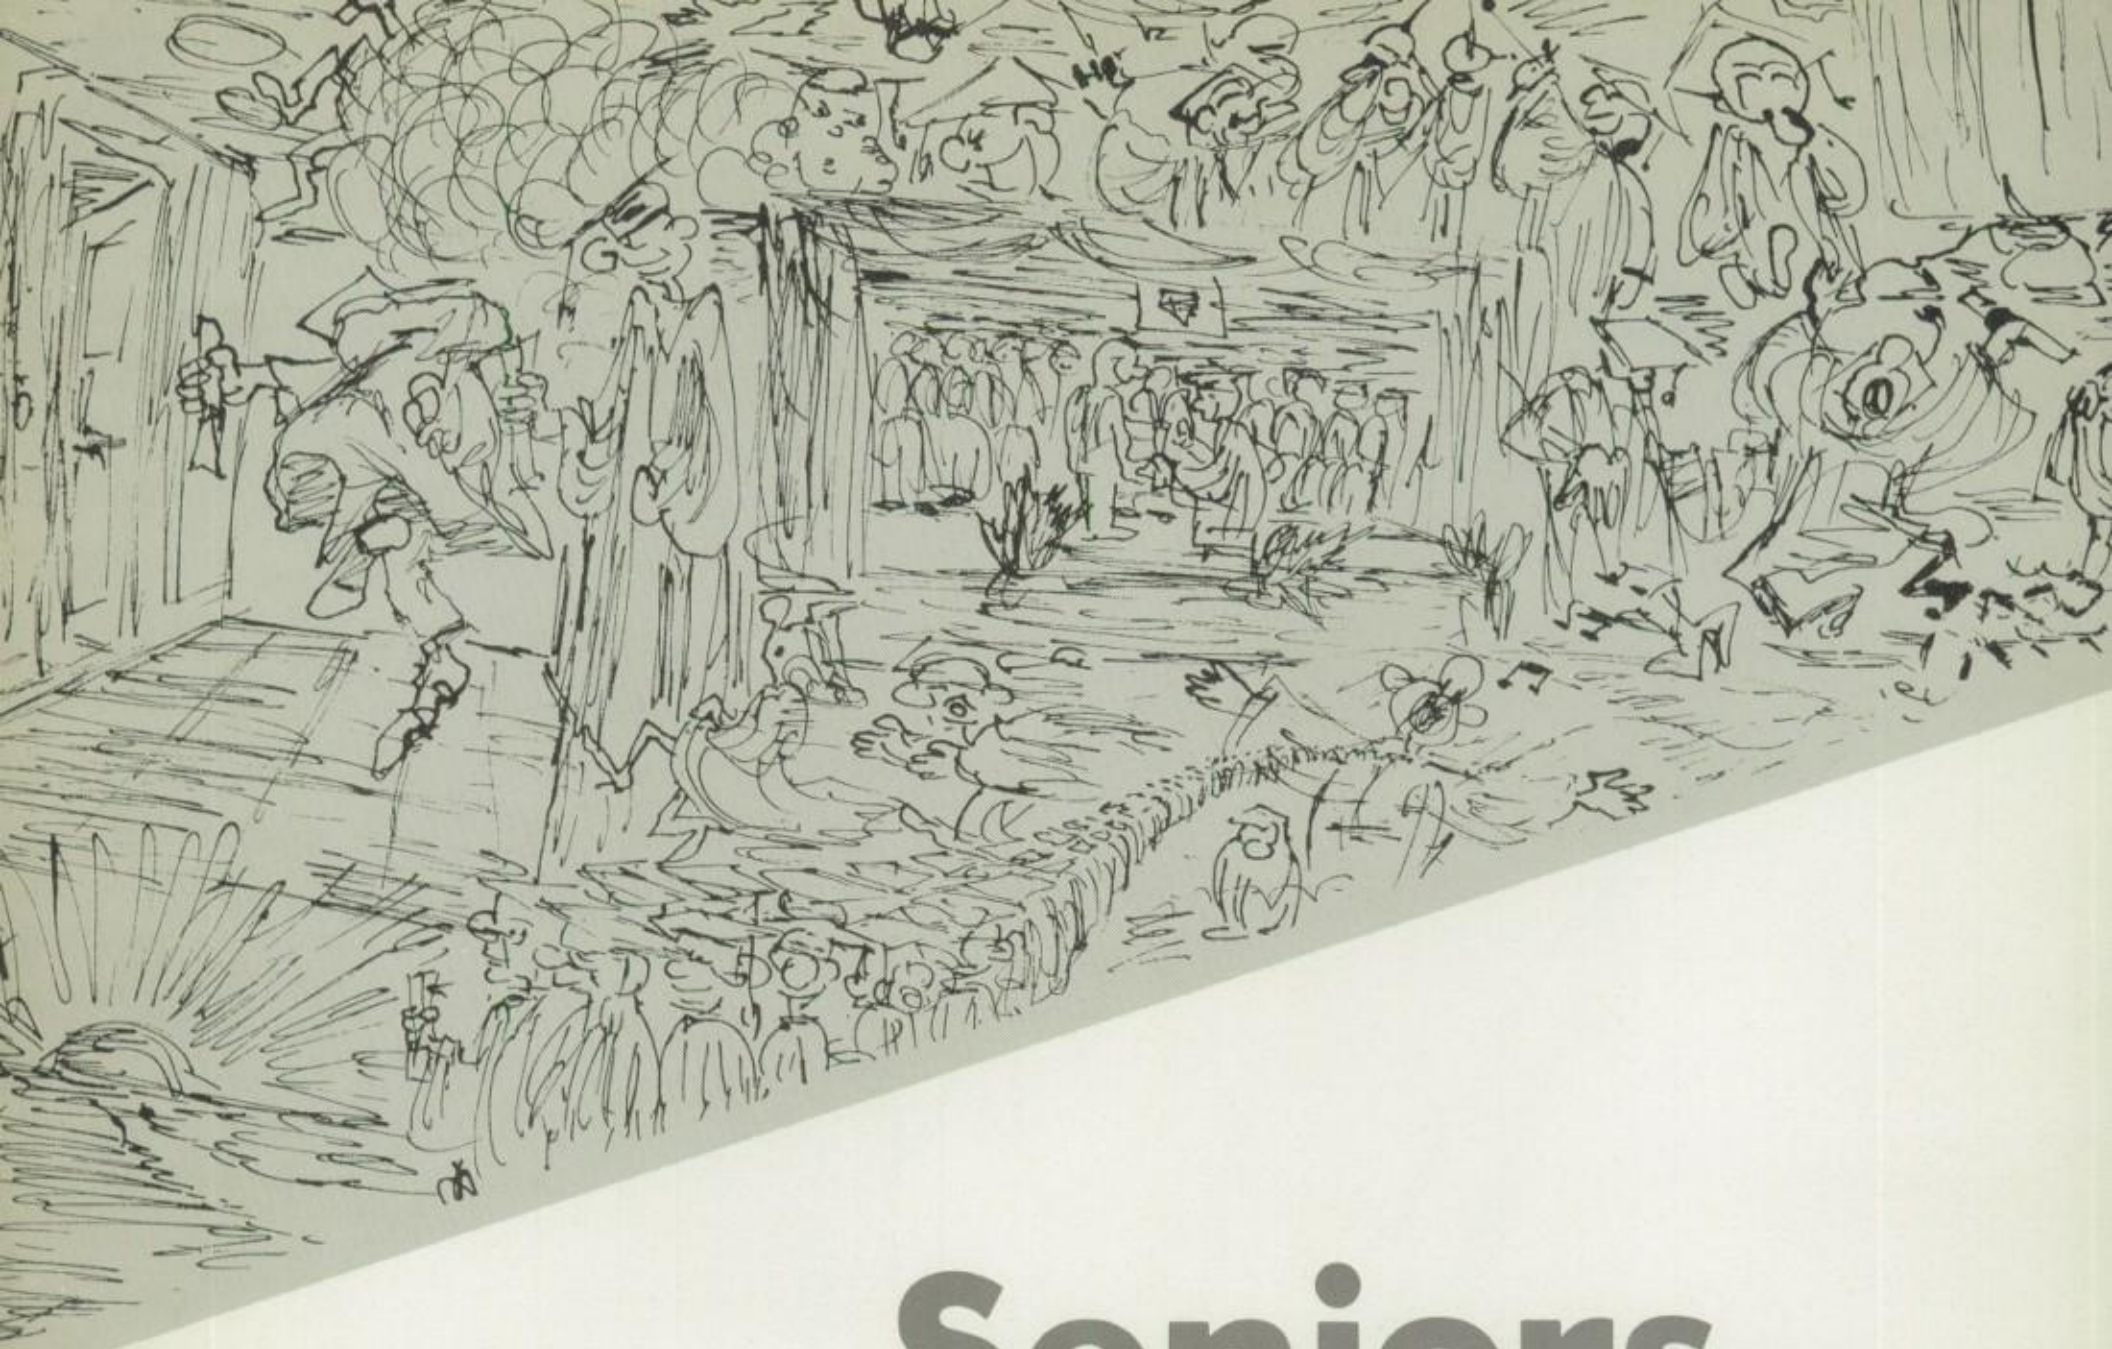

*Morning intramural enthusiasts wait for ball to drop through basket.*

Candidates for the various offices of the June Class of 1966 met with our advisers on February 19, 1964 for instructions on how to conduct the campaign. The following officers were elected: Madison Walker III—President, Deborah Jenifer—Vice-President, June Hackett—Secretary; Maurese Thomas—Treasurer, Cheryl Merritt—Historian. Shortly after the election of officers the class colors, blue and white, were chosen, and the class motto, "Determination Is the Key to Success," was accepted by the class. June 2, Sophomore Day, was our first social, held in the school gymnasium. In February, 1965 the Dellonaires provided music for our Sweetheart Dance. Junior Day exercises were held on May 6, 1965. The highlight of our Junior year was the Prom, which was held at the Baltimore Civic Center on May 21, 1965. As this is being written, the class looks forward to the election of officers for our senior year.

Sophomore Class Advisors Mr. John Knorr, Mr. James Ross, Mrs. Delores Dorsey, Mrs. Jeanne Baer, H. Bracey, Historian, R. Leonard, Vice President; C. Collins, Treasurer; B. Stewart, President; C. Day, Secretary.

Election of the officers of the Class of 1967 was our first big project. The following officers were elected: President, Brenda Stewart; Vice-President, Rhonda Leonard; Secretary, Cynthia Day; Treasurer, Clifton Collins; Historian, Harriet Bracey. Members of our class are now at work designing the class banner and seal, choosing the class colors, and composing the class motto and song. An innovation is a dramatic club just started for the sophomores only. In addition, the class is making plans for a talent show which we hope will help raise money for the March of Dimes. Plans for Sophomore Day have been formulated, at which time we will hold a dance and a luncheon.

## 23rd Anniversary

THE ENSIGN C. MARKLAND KELLY, JR. MEMORIAL POST #174 of the AMERICAN LEGION was formed in his honor, to perpetuate his name and keep alive the AMERICAN ideals for which he so willingly gave his life.

☆

To this end the Ensign C. Markland Kelly, Jr. Memorial Post #174 has been active in many programs and activities, a few of which are listed below.

- American Flag—Educational programs for flag etiquette and American Flags presented to Boy and Girl Scout Troops.
- Athletics—Junior baseball, basketball and lacrosse teams sponsored. Lacrosse trophies for High Schools and Colleges. A baseball field is maintained in the Northwood area. Annual Sports Award presented to an outstanding coach in the State of Maryland.
- Baltimore City Zoo—Gifts of (11) Polar bears, Jenny the elephant and most recently the Sardinian donkeys, Ginger Bread and Cupcake.
- Boys and Girls State—(8) High School Juniors each year sponsored.
- Boy Scouts—Over 18,000 Boy Scout calendars presented annually to schools, troops and Cub Packs.
- Drum and Bugle Corps—Sponsoring St. Mary's Drum and Bugle Corps and Honor Guards in American Legion competition each year.
- Essay and Oratorical Contests—Sponsoring contests in all schools interested.
- Open Shutter—Maintain film library for "shut-in" institutions as well as providing live entertainment and refreshments as occasion arises.
- Scholarships—McDonogh School and Baltimore College of Commerce.
- Memorial Services—Open to the public, each year a Memorial Day Service is held at Loudon Park Cemetery on May 30th for all who have made the supreme sacrifice for their country. Watch for announcement in the papers.

Since its inception, the Post has been interested in the community; and many things have been done to promote its welfare. Special credit should be given to the ENSIGN C. MARKLAND KELLY, JR. MEMORIAL FOUNDATION, INC. for their financial assistance. The result—many of the programs are a reality rather than a dream.

## *FINAL TRIBUTE*

Mr. Edward H. Schmidt, for 41 years an instructor in the Baltimore public schools and a member of the Edmondson High School faculty for the last 6 years until his retirement in June, 1964, passed away on December 10 of that year. Mr. Schmidt was a dedicated instructor, with the welfare of the students uppermost. He was responsible for a number of teaching aids in mathematics, which he donated to the Baltimore public school system.
